As far as this Privacy Notice is concerned, the term "Personal Data" refers to: *all information about an identified or identifiable natural person* (being you as the "**data subject**"). An identifiable natural person is one who can be identified, directly or indirectly, in particular through an identifier, such as a name, identification number, location data, online identifier, or one or more factors specific to the physical, physiological, genetic, mental, economic, cultural or social identity of that natural person. In other words, all the information which can be used to identify a person. These elements include, for instance, your surname, first name, date of birth, telephone number and email address, as well as your IP address.

The term "processing" is very broad and covers, among other things, collecting, recording, organizing, storing, updating, modifying, retrieving, consulting, using, disseminating, combining, archiving and deleting data.

Authorized Dealer/Repairer is to be understood as (1) the dealer or repairer that you have selected as your "preferred Authorized Dealer/Repairer" via the settings of your SUBARU Care account (which you can change at any time) or (2) in case you did not make such selection, the one identified by us based on location (the nearest to you based on your postcode, address) or based on the history of your contacts with our network.

“Security-related data” means certain data about your usage of our IT systems, applications and networks.

“Usage data” means e.g. your usage of certain functionalities of the Services.

“Technical vehicle data and diagnostics data” means e.g. mileage, consumption, warnings, event history.

Whose Personal Data will be processed?

We process your Personal Data when you access or use the SUBARU Care app and when you create, access or use your SUBARU Care account.

Please note that, if you allow other persons to access your SUBARU Care account, you have the responsibility to communicate this Privacy Notice to that person, in order to inform this person about our processing of Personal Data in the context of access and use of your SUBARU Care account.

Prior to transferring the ownership of your Subaru vehicle to another person or to a reseller, you must:

- Remove, to the extent technically possible, all data and content (including any Personal Data), if any, that you have stored on your Subaru vehicle and that is accessible from your SUBARU Care account; and
- Remove the Subaru vehicle from your SUBARU Care account.

Your privacy rights

To give you more control over the processing of your personal data, you have various rights at your disposal. These rights are laid down, inter alia, in articles 15-22 of the GDPR.

To exercise these rights, you can contact us by email at the following email address:
privacy@subaru.eu

In order to verify your identity when exercising your rights, and solely for that purpose, we ask you to send us a copy of the front side of your identity card. The image on your electronic identity card shall not be retained by Subaru. We strongly advise you to "blackline" the image before transmitting a copy of your electronic identity card to us.

You can exercise all these rights free of charge, unless your request is manifestly unfounded or excessive (for instance due to its repetitive nature). In such cases, we shall be entitled to charge you a reasonable fee or to refuse to respond to your request.

You have the following rights:

- **The right to access the Personal Data we process about you** (art. 15 GDPR):

You have the right to be informed by us at any time whether or not we are processing your Personal Data. If we are processing them, you have the right to access these Personal Data and to receive additional information about:

- a) the purposes of the processing;

- d) the retention period or, if that is not possible, the criteria for determining that period;
- e) the existence of your privacy rights;
- f) the right to lodge a complaint with the supervisory authority;
- g) the source of the Personal Data if we obtain Personal Data from a third party;
- h) whether we are using automated decision-making in respect of you.

If we cannot give you access to your Personal Data (e.g. due to legal obligations), we shall inform you as to why this is not possible.

You can also obtain a free copy of the processed Personal Data in an understandable format. Please note that we may charge a reasonable fee to cover our administrative costs for any additional copy you may request.

- **The 'right to be forgotten' (the right to request us to delete your personal data)** (art. 17 GDPR):

In certain cases, you can request that we delete your Personal Data. In this event, please note that we shall no longer be able to offer you certain services if you exercise this right. Furthermore, your right to be forgotten is not absolute. We are entitled to continue to store your Personal Data if this is necessary for, among other things, the performance of the agreement, compliance with a legal obligation, or the establishment, execution or substantiation of a legal claim. We shall inform you of this in more detail in our response to your request.

- **The right to rectification** (art. 16 GDPR):

If your Personal Data is incorrect, out of date or incomplete, you can ask us to correct these inaccuracies or incomplete information.

- **The right to data portability** (art. 20 GDPR):

provide your Personal Data directly to the new controller.

- **The right to restriction of processing** (art. 18 GDPR):

If any of the following elements apply, you may request us to restrict the processing of your Personal Data:

- a) you dispute the accuracy of those Personal Data (in this case, its use shall be limited for a period that allows us to verify the accuracy of the Personal Data);
- b) the processing of your Personal Data is unlawful;
- c) we no longer need your Personal Data for its purposes, but you need them in establishing, exercising or substantiating a legal claim;
- d) as long as no decision has been taken on exercising your right to object to the processing, you may request that the use of your Personal Data be restricted.

- **The right to object** (art. 21 GDPR):

You can object to the processing of your Personal Data on the basis of your particular situation, if we process your Personal Data on the basis of legitimate interests or on the basis of a task of general interest. In this event, we shall cease the processing of your Personal Data, unless we can demonstrate compelling and legitimate grounds for processing which outweigh your own, or if the processing of the Personal Data is related to establishing, exercising or substantiating a legal claim. You have a right to object at any time to the processing of your Personal Data for *direct marketing* purposes.

- **The right not to be subject to automated decision-making** (art. 22 GDPR):

You have the right not to be subject to a decision made exclusively on the basis of automated data processing that significantly affects you or has legal consequences and that is made without substantial human involvement.

You cannot exercise this right in following three situations:

- a) when automated decision-making is legally permitted (e.g. to prevent tax fraud);
- b) when automated decision-making is based on your explicit consent; or
- c) when automated decision-making is necessary for entering into, or performance of a contract (please note: we always endeavour to use less privacy-intrusive methods for entering into or performing the contract).

- **The right to withdraw your consent** (Art. 7 GDPR):

If your Personal Data are processed on the basis of your consent, you may withdraw this consent at any time upon simple request.

- **The right to lodge a complaint**

We make every effort to securely protect your Personal Data. If you have a complaint about the way in which we process your Personal Data, you can notify us thereof via our contact details (as mentioned at the beginning of this Privacy Notice), so that we can deal with it as quickly as possible.
